FINANCIAL POLICY

At Swann Dermatology we are pleased to participate in a large number of different insurance plans. It is our intent that you know your financial responsibility before your appointment. We will be happy to assist you in any way and answer any questions you may have regarding this policy. Our office accepts various forms of payment including cash, checks, and credit cards and Care Credit. We do not offer in house payment plans but will refer you to Care Credit. Checks returned from the bank as non-sufficient will incur a \$20 non-sufficient funds fee. In the event of non-payment you will be responsible for any collection and legal fees associated with the collection of the balance due. The collection fee is 25% of the total balance and will be added to the account if it is turned over to an outside agency.

Patient with insurance (not including Medicare:

Co-pays and deductibles will be collected upon arrival. Your insurance carrier will tell us the amount of your unmet deductible to the best of their ability. Overpayment will be refunded after payment is received from the insurance company. Keep in mind that co-insurance amounts are the patient's responsibility and the patient will be billed after insurance payment is received.

- HMO: If your insurance company is an HMO and requires a physician-physician referral, please make sure that information has been obtained prior to your visit so your insurance company will cover the services.
- Dual Coverage: If you have dual insurance coverage we will file both insurances and any co-pays or deductibles not covered will be collected at the time of service.
- In-network/Out-of-network: It is the patient's responsibility to verify network status with your insurance company prior to your appointment. Any charges applied to your out-of-network benefits will be the patient's responsibility.

Patients without insurance (Self-Pay): Full payment is due at the time of service. If this cannot be done, arrangements must be made prior to your visit by contacting our office. Please note, if you have a procedure, your specimen may be sent out for tissue processing which could prompt an additional bill from the laboratory/pathologist.

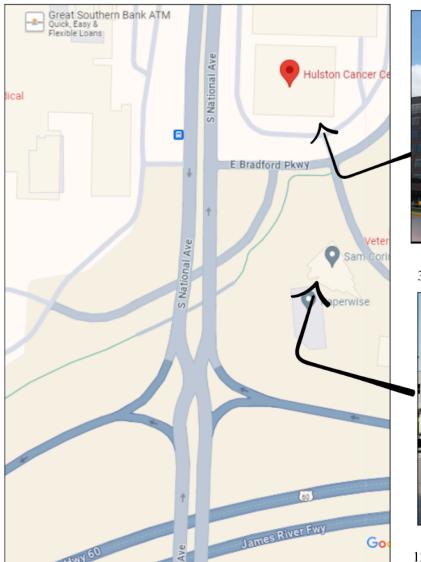

Pathology Billing: With a biopsy or excision, the sampled tissue will be processed in a laboratory and stained for examination by our dermatopathologist. The billing for the laboratory and pathologist will come separately.

No Show Policy: We understand that you may sometimes need to reschedule appointments. We require 24 hours notice to cancel appointments or it will be considered a no-show.

Medicare Payment Policy: We are participating providers of the Medicare program. We will accept assignments on all claims. Patients are responsible for meeting their annual deductible and paying for the 20% con-insurance. We do file with secondary/supplemental carriers. However, in the event that the secondary does not pay the patient will be responsible for the remaining balance.

Cosmetic Procedures: Payment for any cosmetic procedures is due, in full, at the time of service. Certain procedures require a prepayment to hold the appointment. Consultation fees and prepayments are kept as a deposit and will be applied to the patient's procedure with the doctor for a period not to exceed one year from the date of consultation.
